Definitions of Terms

**eInvoicing**: refers to submitting invoices to KP via a KP-approved electronic invoicing channel. *Emailing your invoice to Kaiser is not considered eInvoicing.*

**Purchase Order or PO**: means a purchase order issued by Kaiser Permanente to a Supplier. Suppliers should only accept a PO from Kaiser Permanente that contains the full 15-digit purchase order number (Example: 02511-0000123456).

**Non-PO**: means non-PO related invoice.

**NUID**: is the unique 7-character reference ID given to each KP employee, which consists of one alphabet letter and six numbers (Example: A123456).

**GL string**: (may also be referred to as Cost Center Code) General Ledger (GL) accounting string that is being charged for the invoice. The GL String should be 18 digits and is composed of 4 segments:

- GL Unit - 4 digits
- GL Location - 5 digits
- Department - 4 digits
- Account - 5 digits.

(Example: 0208-30100-8900-59505)

Introduction

Kaiser implemented company-wide, eInvoicing submissions and has discontinued paper-based invoicing. Kaiser will no longer accept invoices received via US Mail (hard-copies) or through email (sent to KP-AP-Invoice@kp.org). All suppliers transacting with Kaiser are **REQUIRED** to submit invoices electronically through one of our three electronic methods which are: EDI, File Staging, and OneLink Supplier Portal – eSettlements.

All suppliers transacting with Kaiser are **required to enroll** in the OneLink Supplier Portal – eSettlements as a starting point. The objective is to further strengthen our partnership and help to ensure that we can make payments to you in a timely and accurate manner.

As a reminder eInvoice submissions is the **ONLY** authorized channel for invoice submission to receive timely payment(s).
Kaiser Invoicing Requirement

There are two types of invoices that can be submitted to Kaiser, either PO related invoices or Non-PO related invoices.

- For PO-related invoices the full 15 digits PO number must be obtained.
- For Non-PO related invoices, the approvers/reviewers NUID and full GL string must be obtained.

Because of controls in our system, the only way payments can be made against invoices is to either associate them with a valid purchase order, or route them for approval (the NUID tells us who to route the invoice to for approval). Only the KP employee placing the order/request can provide this information.

If the KP employee placing the order/request refuses to provide that information then they are violating Kaiser Permanente National Policy # NATL.FIN.ACCT.006/122. You should not accept the order without proper information to ensure payment. Without this information, you will not be able to submit your invoices and/or will not be processed.

The table below summarizes all eInvoicing methods and helps you select the best eInvoicing option for your company. Utilize the criteria listed on the left-hand side to understand which option best suits your needs. As a reminder all suppliers transacting with Kaiser are required to enroll in the OneLink Supplier Portal – eSettlements as a starting point.

The subsequent pages contain more detailed information for each electronic method including contact information.

*Please note, you may end up having to use more than one eInvoicing method.
Onelink Supplier Portal - eSettlements (Supplier Portal)

The Onelink Supplier Portal - eSettlements is a free of cost web portal for all of Kaiser suppliers, where they can submit their invoices electronically. In addition to invoice submission all the below can be performed as well:

- View up-to-date information about invoice(s) including payment status/information
- View dispatched Purchase Orders (POs)
- Enroll and/or Update electronic banking payment information (ACH)
- Request Early Payments on submitted approved invoices
- Receive the following automated email notifications:
  - **Invoice Load - No Errors**: Notifies you with a list of recently submitted Kaiser invoices which have been successfully processed.
  - **Invoice Load - Errors**: Notifies you with a list of recently submitted Kaiser invoices that contain errors.
  - **Payment Create and Cancel**: Notifies you when a payment is either made or cancelled to your company. The email contains: the payment reference number, payment date and a list of the invoice numbers being paid.
  - **Invoice/Voucher Approval**: Notifies you when an invoice is approved. The email contains a list of the recently approved invoice(s). Please note the invoices listed on the notification are also eligible for early payment.
  - **Match Exception**: Notifies you when a submitted PO related invoice has been flagged with a match exception
- Invoice submission Process:
  - Enter Individual Invoices And/OR
  - Submit Multiple invoices at a time via Spreadsheet Upload  
    - The Spreadsheet Upload feature is the processing of XML .txt files. In order to utilize this feature suppliers MUST utilize the Excel Loader tool. Please note this will be an XML invoice submission with no capability of attaching images.

In order to gain access, your company will have to designate a person(s) to act on behalf of the company as the Supplier Administrator(s) for the company’s portal account. The designated Administrator(s) will have the ability to grant access to additional people within the company in addition to being able to perform all the tasked mentions above. You may identify as many as three Administrators.

Please provide the below information to Kaiser-eSettlements@kp.org

1. The name(s) and email address of the designated person(s) to be the Supplier Administrator(s) for the company. Note: The email must be unique for each person.
2. Company Legal Name and DBA (if applicable)
3. Company Federal Tax ID, if a Sole Proprietorship please provide the last 4 of the SS number

Once the above information is received, the designated Administrator(s) will receive an email with a self-registration link and include all training materials. Please allow 24-72 hours to receive the registration link.

To request further information regarding eSettlements please contact:

Kaiser-eSettlements@kp.org

3
EDI

Electronic Data Interchange (EDI) is the electronic exchange of business documents using a standardized format. EDI can be used to transfer purchase order and invoice data between Kaiser Permanente and authorized trading partners.

EDI processing helps Kaiser Permanente deliver top-quality service that takes advantage of advanced information-management technology. EDI can help customers increase efficiency while reducing errors and operating costs.

Additional specific benefits of implementing EDI with Kaiser Permanente include:

- Invoices for multiple Kaiser Permanente accounts can be combined into a single transmission.
- Eliminates keying of invoice data and reduces errors.
- Expedite the transmission time of purchase orders as well as invoices.
- Increases the speed of processing your invoices for payment. 94% of your invoices will be paid within terms.

Click on the Icon below to view Kaiser’s EDI Implementation Guide, which contains key information/requirements in order to be capable to submit an invoice via EDI.

To request further information regarding EDI please contact:
Kaiser-EDI@kp.org
File Staging (ESW – Electronic Submission Workflow)

File Staging (ESW) is the submission of PO and/or Non-PO related invoice data via a flat file [pipe delimited text file (.txt)] or submission of Non-PO related invoice data via an excel spreadsheet template. Both methods require the submission of PDF copies of the invoices.

- The Flat file process requires sFTP setup for submission. KP’s IT team will work with the suppliers IT/Network team to exchange SSL-RAS key and complete the sFTP setup. Once complete supplier can deliver flat file(s) and invoice copies (in PDF format) on sFTP server. Note: KP can also provide a spreadsheet with a ‘macro’ built in, to export spreadsheet data in pipe delimited required format.

- The Spreadsheet submission process is simple. Supplier emails spreadsheet with invoice data & invoice copy (in PDF format) to a designated email address. As a reminder only Non-PO related invoices can be submitted via spreadsheet.

To request further information regarding File Staging please contact:

Kaiser-eUpload@kp.org
